Planning for Cropredy Up to 2040: Vision and Statement of Priorities

Cropredy Parish Council (CPC) has consulted with parishioners about priorities for the village over the next 20 years. CPC has produced a draft *Vision and Statement of Priorities* which is available on the village website: <https://cropredyvillage.info> (Paper copies are available on request – see below.) CPC welcomes parishioners' comments on this document which will guide CPC's response to Cherwell District Council's Local Plan Review.

Other documents on the website will include an analysis of parishioners' responses via the surveys and open days, and a Cropredy Parish Profile (population and housing) produced by Paul Avery.

Summary of *Vision and Statement of Priorities*

Cropredy is valued by its inhabitants as a great place to live because it has:

- a strong sense of community and associated activities
- a range of local facilities and services including the shop, pubs, cafés, the village hall and the doctors' surgery
- an attractive built-up area with a mix of historic and newer housing, interspersed by green spaces
- an attractive, quiet rural setting with accessible open countryside and the canal.

CPC seeks to maintain and enhance these qualities so that Cropredy remains a great place to live. This can be achieved through identifying and responding to pressures that will arise. Current pressures include:

- **An ageing population** – In Cropredy, since 2011 the proportion of people aged 65 and over has risen from 20% to 29%, whilst the proportion of 25 to 44 year olds has fallen from 22% to 14%. This means fewer people able to contribute to community activities and the local economy, and an increasing demand on medical and related services.
- **Economic pressures** such as increased online and ‘car-based’ shopping make village facilities harder to sustain; public transport availability is limited and may decrease.
- **The natural environment** is subject to pressures including climate change, habitat decline and development.

CPC has limited direct control so the vision must be achieved through engaging with Cherwell District Council, Oxfordshire County Council and other bodies. **The Statement of Priorities** will guide this engagement. The overriding priority for any change is that the positive effects outweigh the negative ones so the outcome is beneficial to village.

CPC considers that some **new housing** is needed to address the issue of the ageing population, but that housing numbers should be proportionate to the existing 348 dwellings. Over 90% of respondents to the CPC survey were in favour of some new housing. The mix of housing should attract younger people.

Any development should enhance the existing buildings and protect open spaces and the natural environment. The housing should be energy efficient and incorporate sustainable drainage. Any new development should have a positive effect on facilities and services and take account of the increased demand for the doctors’ surgery.

Non-residential developments should provide benefits to Cropredy including community facilities, local employment, tourism, and be of an appropriate scale and protect the character of the village and the natural environment.,

Services and Facilities (shop, pubs, cafés, community buildings, surgery) should be maintained and enhanced wherever possible. CPC will consider whether some existing facilities should be declared 'community assets' which could provide the option of ‘community’ operation in the event of proposed closures

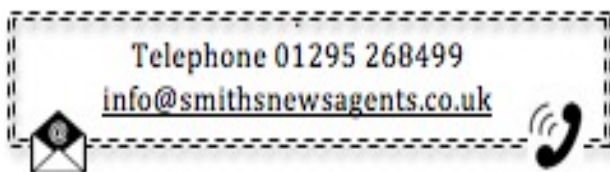

Transport Public transport should be maintained and enhanced for those without access to a car and to reduce carbon emissions. Electric vehicle charging should be promoted. The speed limit within the village should be reduced to 20mph to improve road safety and reduce emissions. New opportunities for public transport should be investigated such as the possibility of re-opening the railway station and other innovative forms of public transport. Cycling and walking should be promoted through improvement and development of footpaths and cycle ways.

Community Societies and groups should be supported. Community buildings should to be maintained and replaced when necessary.

Open Spaces/The Natural Environment should be protected for community well-being and managed to increase biodiversity and to mitigate Climate Change. CPC will consider ways to protect important open spaces within the village including: The Village

Newspapers and Magazines Delivered to Your Door

Green, Chapel Green, and The Sports Ground. Agricultural land of appropriate types should be protected to provide the opportunity for increase local food production.

Thank You

To all parishioners who completed the questionnaires and attended the open days,
to Paul Avery for producing, voluntarily, a *Cropredy Parish Profile*, an analysis of population and housing, which is available on the village website <https://cropredyvillage.info>

Village Hall

Enormous thanks are due to a number of members of the Village Hall Committee who have looked after the village hall for many years but have now decided the time has come to hand over their responsibilities.

Ray and Gill Moss, Chair and Secretary respectively are standing down after more than twenty years in Ray's case and nearly 30 for Gill. Judi Beer and Roger Watkiss have also retired from the committee recently.

Margaret Boscott has been the bookings secretary for many years but is now passing her duties to Chris Protheroe.

The hall can be booked by going to cropredyvillagehall.org.uk or by calling Chris Prothero on 07593 635595.

The new Chair of the Village hall committee is Andy Baxter and the Secretary is Kate Payne.

Christmas Tree

Last month I put an article in the Crier mentioning that the PCC propose to have a Christmas tree in the churchyard annually for us all to enjoy. This means digging a hole in order to secure a permanent place which will be covered up for most of the year. There will be a cost involved so I have set up a Just Giving site where your donations, anonymous if you wish, would be very welcome.

To donate go to:

<https://www.justgiving.com/crowdfunding/valerie-peachey> or search for Cropredy Church

Thank you very much. Valerie Peachey

Community Speedwatch – We need your support!

The Community Speedwatch Scheme has been operating in Cropredy since the beginning of 2022. This initiative was established in response to the feedback that Cropredy Parish Council had received to their questionnaire survey – October 2021 and fully endorsed during the following Open Day events. In the feedback 73% of respondents said that reducing speeding traffic in the village must be a high priority and 78% would support a 20mph speed limit!

In the past 9 months a group of 8 volunteers have been available to do weekly speed check sessions in one of 3 registered locations either Station Road, Williamscot Road or Claydon Road. You may have seen us in our Hi-Viz jackets recording 194 speed offenders at an average of 21 each month. These offenders are recorded on the Community Speedwatch website that is managed and reviewed by Thames Valley Police (TVP).

I am now looking for some additional volunteers in order for us to maintain this initiative which has received a lot of positive feedback from those of you that have seen us in action. We are currently operating with 3 volunteers on each speed check session which is the minimum number accepted by TVP. Our schedule involves 4 speed check sessions over a month averaging one session each week. From week to week these sessions can be done at any of the locations mentioned above (more locations can be registered if parishioners think it necessary). This schedule requires 12 volunteers each giving up to 2 hours every month in maintaining what has been a very successful start.

Our current team of 8 volunteers will soon be reduced to 6, with one regrettably being unable to continue whilst another will be away in a warmer climate for the next 3 months. I am optimistic that there will be a number of parishioners who believe this is a worthwhile initiative and are prepared to volunteer their help to the current team of 6. If you can help us, please give me a call and we can talk it through.

The gates are often left open and could lead to dog fouling on the play area. It was agreed that signs would be investigated.

CDC Sweeper Lorry – Cars are often parked on the roads when this comes to the village. It was agreed that the Clerk would request CDC to give notice so that notes could be put on the cars.

6. TRANSPORT, TRAFFIC & STREET LIGHTING

Community Speedwatch Initiative – Additional volunteers are required for this initiative and it was agreed that Cllr Des Knight would place an advert in the Cropredy Crier.

Car parking on bend outside The Brasenose Arms – Parking signage has been installed and OCC Highways met the cost of this.

Resurfacing of the Tennis Courts – The Chairman of the Tennis Club had submitted quotes to the Parish Council prior to the meeting and it was agreed that Cllr Des Knight and the Clerk would meet with the Chairman to agree management of the project and submit a report to be considered at the next Parish Council meeting. The Tennis Club advised that a contribution would be made towards the cost but it was agreed that cost proportion would be agreed at a future meeting after a third quote had been obtained.

Safety Inspection – A safety inspection had been carried out and it is possible that a second exit ramp might need to be installed.

11. FINANCE

Accounts, Bank Balances, and Payments - The Summary of Receipts and Payments to 30th September 2022 had been circulated prior to the meeting. The bank balances total £101,564.48. Payments totalling £1,149.13 were agreed.

- i. The announcement to the public advising that the accounts were available for inspection was issued prior to the accounts being signed off by the Parish Council
